

Open Call – FAVORIT Bühne

The FAVORIT is an informal pavilion stage between “high culture” and “popular culture” – between all cultures, locals and newcomers in the new residential area.

The FAVORIT will be installed at the beginning of the Favoritenstraße pedestrian zone, at the entrance to the 10th district at the main train station, in May 2021, and transform this underused space into a place for the people to appropriate. Thus, the FAVORIT should become an active place for the exchange of the diverse and different life experiences of the people living in Favoriten, performers and the audience.

The FAVORIT is available for performances from May to September 2021, it is open to all undiscovered talents or already known artists as well as associations from a wide range of disciplines: music, choir, rap, poetry slam, reading(s), artistic performance, storytelling, theatre-Solos, etc. The pavilion can be used informally at any time for rehearsals or small performances.
